The Winter Soldier: A Summary

Marvel Cinematic Universe has a lot of great and complex characters, and he's one of them.

James Buchanan Barnes AKA Bucky Barnes was Steve Rogers' best friend since their childhood, and was about 25 years old when he enlisted to the U.S. army to fight in WWII,

While Steve was recruited to the Super Soldier project, sergeant Barnes was captured by Hydra, the bad guys of the Captain America movies and the nazis' best friend. There he was forced to undergo experiments conducted by Zola, Hydra's scientist.

Later in the movie Steve - now enhanced by the serum given him and in his Captain America costume - rescued him and his unit. They returned to their army base with Hydra's stolen weapons and vehicles, and eventually became an elite group of fighters (known as the Howling Commandos) that fought alongside Cap and destroyed most major Hydra operations. Barnes often worked as the sniper.

During Bucky and Steve's mission in 1945 to capture Hydra's scientist, Arnim Zola, on a moving train, Bucky fell into an icy river below.

Hydra are the ones who found him, bleeding to death in the ice, one arm ripped off. They saved his life, but also took him as a prisoner and continued to perform experiments on him once Zola returned. the doctors replaced the missing limb with a prosthetic one. Bucky was also subjected to multiple mind control methods to keep him under their command.

Over time, Bucky lost all memory of his former life and became nothing more than a weapon for his greatest enemy, an assassin that they froze to prevent aging, keeping him alive for decades. He was now known as The Winter Soldier.

In 2014, the Winter Soldier was sent to kill Nick Fury after he began to unravel HYDRA's secret existence. He was informed that his next targets were Steve Rogers and Natasha Romanoff. After seemingly killing Fury and shooting Romanoff through the shoulder, the Winter Soldier was attacked by Rogers before he could assassinate her. Rogers fought the masked assassin and in the midst of the fight, Rogers ripped the Soldier's mask off and stared in disbelief as Barnes turned and revealed his face.

Later in the movie, the Winter Soldier starts to remember his past and the next time he confronts Captain America he not only spares his life but also saves him.

The next time we'll Bucky in MCU will be in the Civil War movie that comes out in may 6th.

until then, you can read one of the many comics about him!

Busy Schedule

Many schools around the country have three tests a week not include quizzes .

We need to study for the tests in order to succeed and get good grades.

In our opinion, tests shouldn't be so close to each other, and there shouldn't be so many tests.

The teachers don't repeat the material in class as much as we need, and it's hard to study for the tests alone without the teachers because of the busy schedule, we don't have free time, and we also have circles in the afternoon , so we don't have much time to study the material.

When the tests are so close to one another we don't succeed to study well to all the tests. It puts us a lot of pressure and it makes us very stressed and angry .

RIDDLES

What is the beginning of eternity, the end of time and space, the start of the earth and the end of the human race?

Hint: look at the letters.

If I say "Everything I tell you is a lie" am I telling you the truth or a lie?

What can you catch but not throw?

Hint: the word catch had many Commentaries.

Give me food, and I will live.

Give me water, and I will die. What am I?

Hint: it's not a really food; it's trees.

What is the next word:

,O,T,T,F,F,S,S,E,N_

Hint: look at the order of the letters.

Messi

Player of the Year

The player of the year is Messi he was really good at that year and I think he is the best scorer at that year.

2nd was Neymar da Silva Santos Júnior , He has a really good year in football.

I think Neymar should get the player of the year reward.

Because he is better in that year from Messi and Ronaldo.

Messi he is the best player on the player of the world.

World XI 2015

Sergio Ramos ,Marcelo-Vieira,
Paul Pogba, Neymar JR

Every year we choose the best team of the year.

In this year 20000 players and coaches choose the best players of the year.

The players who win in this year's World XI are:

- Manuel Neuer- from Germany, the goalkeeper of Bayern Munich.
- Dani Alves- from Brazil, the right defensive player of Barcelona.

- Neymar JR-from Brazil, the right wing player of Barcelona.

Music

Melanie Martinez

I would like to recommend you some not very famous singers and bands, and tell you a bit about them.

I'll start from Infy Snow, an Israeli rock singer, who came to Israel from Amsterdam when she was 4 years old. Her real name is Adi Berman and she is the soloist of the band Soul Torture since 2016. On Thursday 14.1.2016 she had a performance, I was there and I thurally enjoyed it, and in my opinion she is a very talented person.

Second will be Melanie Martinez, a singer and a songwriter from New York. One of her new songs was chosen to be in the 23 most romantic songs of 2015. She is kind of a pop singer, and she became famous on the American TV show The Voice and was a part of team Adam. Her songs are very well written and she is a very good singer.

Counter Strike: Global Offensive

Counter-Strike: Global Offensive (CS:GO) is an online first-person shooter developed by Hidden Path Entertainment and Valve Corporation. It is the fourth game in the main Counter-Strike franchise. Counter-Strike: Global Offensive was released on August 21, 2012, and made available for Microsoft Windows and OS X on Steam, Xbox 360, and a United States-only version on PlayStation 3. The Linux version was released in September 2014. It features classic content, such as revamped versions of classic maps, as well as brand new maps, characters .and game modes

Like the previous games in the series, Global Offensive is an objective-based multiplayer first-person shooter. Each player joins either the Terrorist or Counter-Terrorist team and attempts to complete objectives or eliminate the enemy team. The game operates in short rounds that end when all players on one side are dead or a team's

objective is completed. For most game modes, once a player dies, they must wait until the round .ends to respawn

Players purchase weapons and equipment at the beginning of every round with money awarded based on their performance. Completing objectives or killing enemies earns the player money while negative actions, like killing a teammate or hostage, takes money away from the player. In addition, when a round ends all players receive some amount of money, with players on the winning team receiving substantially more.

Counter-Strike: Global Offensive adds new weapons and equipment not seen in previous installments, most notably the firebomb for each side (referred to as a Molotov on the terrorist side and as an Incendiary Grenade on the Counter-Terrorist side). These temporarily cover a small area in fire, dealing damage to anyone passing through.

Cosmetic items, such as weapon finishes, were added post-release.
